Some instruction sheets are common to several different products and thus have generic (non-product specific) names. Instruction sheets on this document as well as on the Dealer Portal are grouped by product category (beds, nightstands, cases, etc.) This PDF is provided to help you pair any Copeland Furniture product with the category and name of its corresponding instruction sheet. Please find the product you're looking for in the list below, and then scan right to the highlighted field to identify both the category and the name of the correct instruction sheet. You can then navigate to the appropriate category page on the Dealer Portal where you'll be able to select and download the instruction sheet.
